

## E-Z-GO® Rebrands Textron Fleet Management (TFM) to Pace Technology

AUGUSTA, Ga. (July 27, 2021) – E-Z-GO®, a Textron Specialized Vehicles business, is rebranding its product line previously known as Textron Fleet Management to Pace Technology.

The rebrand reflects E-Z-GO's legacy of innovation and the overall breadth of the Pace product line. Pace products range from cutting-edge solutions to help golf-course operators manage their fleets of golf cars, utility vehicles and turf equipment, to systems that enhance the experience of golfers at any course.

Pace Technology will continue to offer the numerous benefits that customers expect and rely on to optimize course operations and amplify the golfer's on-course experience. Pace Technology enables golf course operators to manage their fleets and operations in real time, using tools such as geo-fencing, speed enforcement, and the ability to monitor vehicles' locations remotely.

In addition, course operators can optimize their staff's efficiency and productivity of their equipment by using activity zones to manage day-to-day workloads, analyzing staff travel time throughout the facility, and monitoring vehicle maintenance needs with remote diagnostics.

Golfers enjoy a host of available features to enhance their round, including high-end speakers that can be seamlessly paired with their smartphones, direct two-way messaging with the clubhouse, clear hole graphics and personal caddy feature and tournament leaderboards that integrate with leading industry software such as Golf Genius™ and Vision Perfect™.

To meet the needs of any course or facility, Pace Technology is available in both screenless and high-definition screen solutions that deliver immediate benefits and capabilities that are unmatched in the industry. More information on Pace Technology and E-Z-GO vehicles can be found at [ezgo.com](http://ezgo.com).

### **About E-Z-GO**

*Founded in Augusta, Ga. in 1954, E-Z-GO is a globally renowned leader in the design and manufacture of golf cars and personal transport vehicles, known for its innovation in sustainable electric-vehicle and powertrain technology. E-Z-GO models include RXV® and TXT® fleet golf cars; Freedom® and Valor personal golf cars, and E-Z-GO Express™ personal utility vehicles. Its latest innovation is the Liberty™, the industry's first vehicle to offer four forward-facing seats in a compact, golf-car-sized footprint. The employees of Textron Specialized Vehicles are committed to a culture of compliance and the prevention of pollution, aiming to sustain premier status through integrating environmental performance into their business processes. E-Z-GO became part of Textron Inc. in 1960, and today operates as part of the company's Textron Specialized Vehicles division.*
